

Infinite flux

by piegatto

*I 'm trying to adjust,
but things keep happening
and when I look back
everything is completely
different again.*

Circles of Time

When you gaze you discover

see thru me and adjust

FOCUS...

every part creates the big Idea!

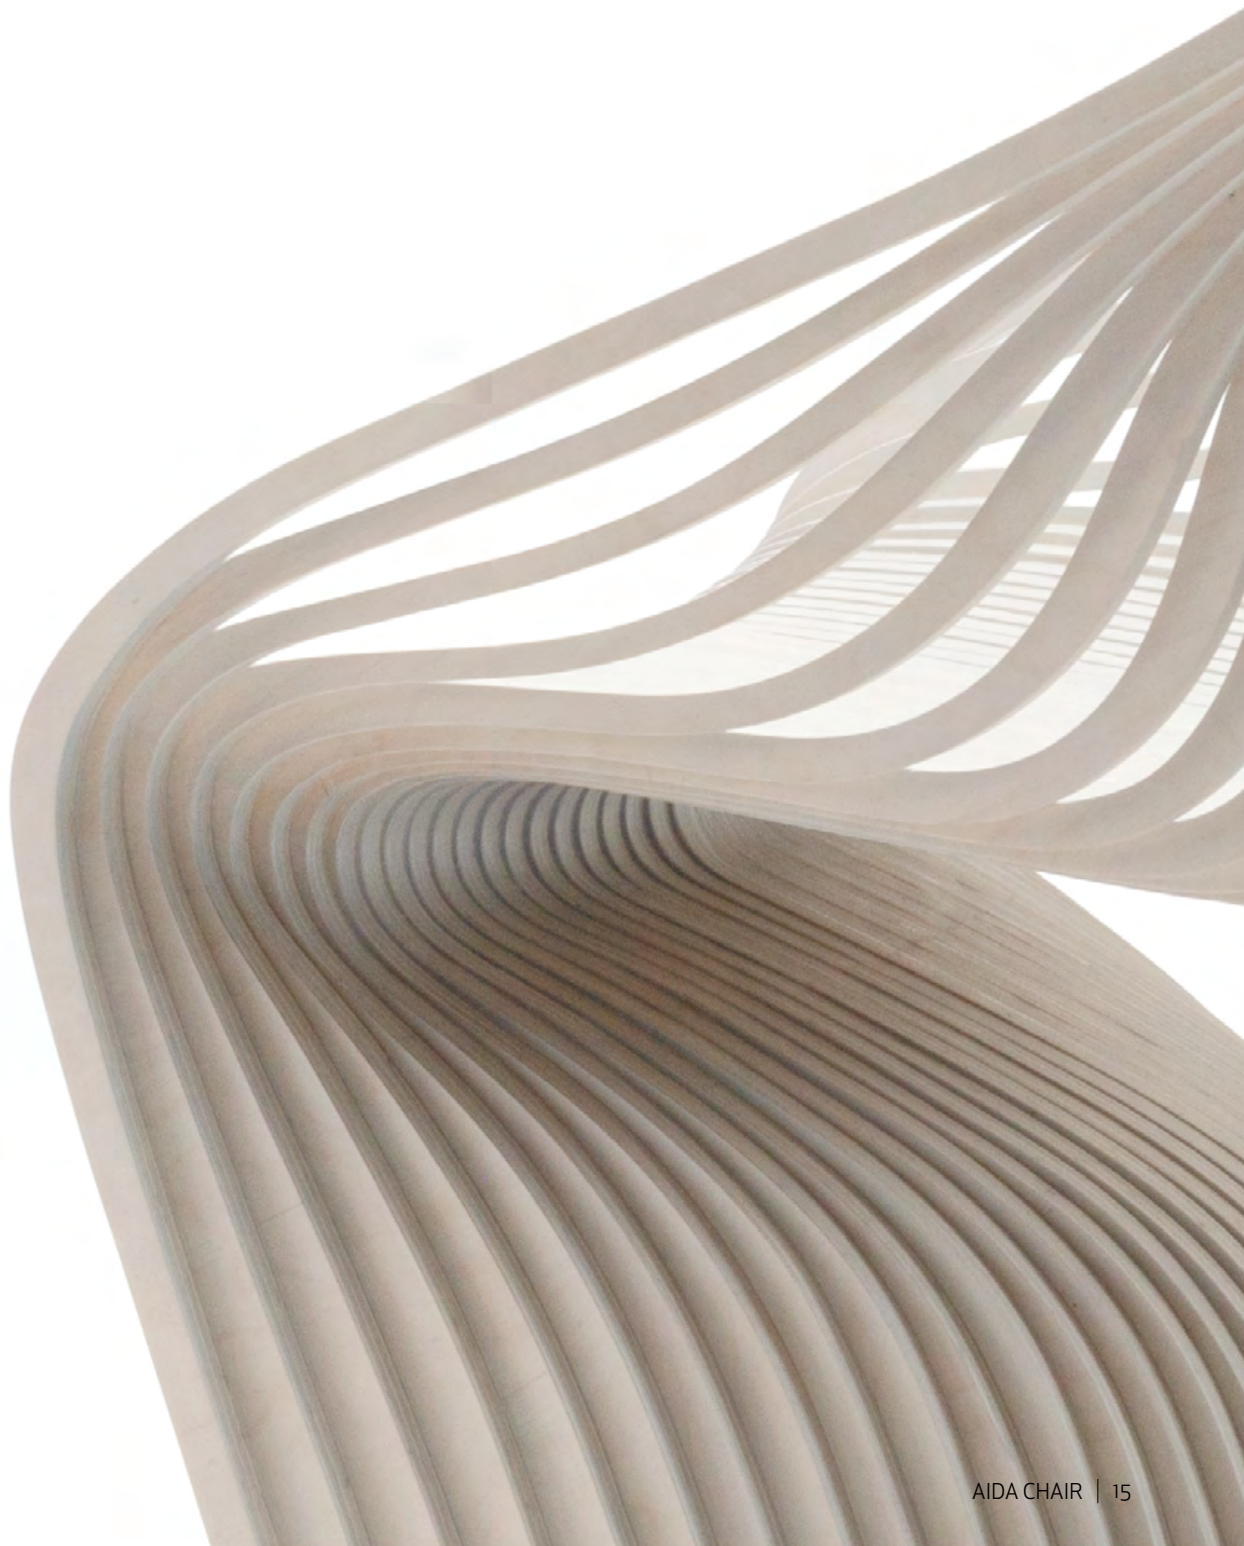

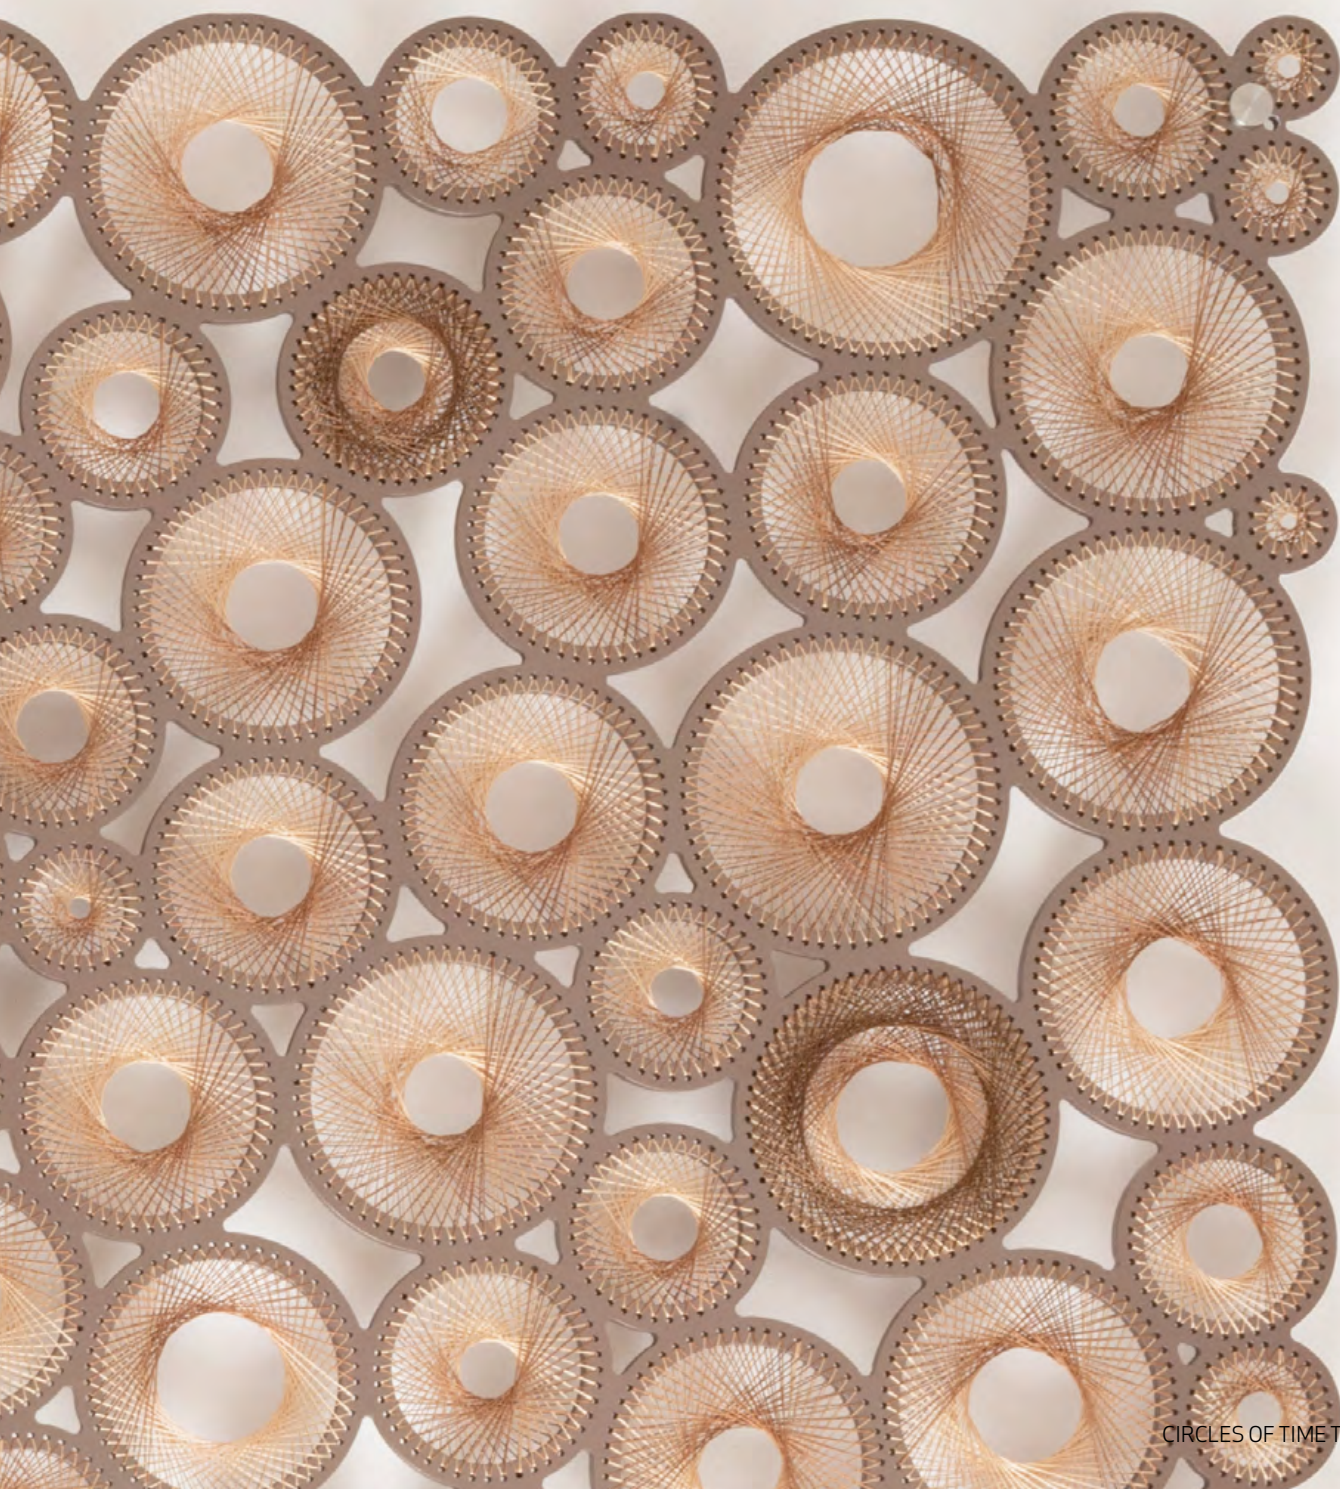

Soave lines

*Folding lines that adjust
like the sand:
moved by the wind
or by my hand!*

Love, ghosts and candies

*If i have to spook you it will
be by pure chance,
please watch me
through the glass*

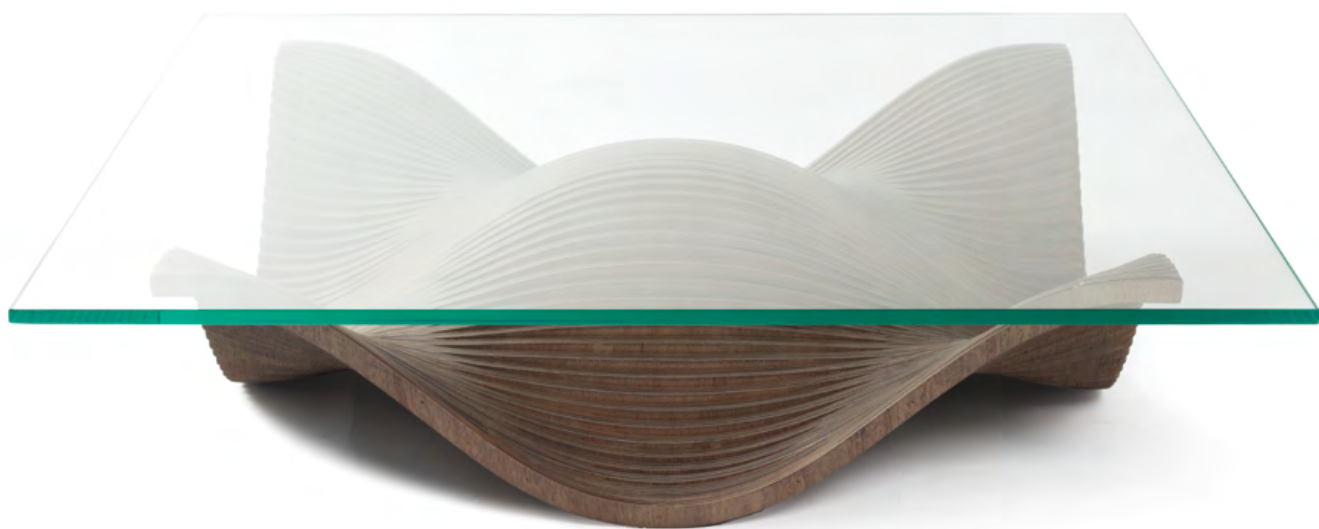

Choose by category...

REST

*The point of balance
is what you see
between the lines*

*Lines that cross...
meet together
in the centre
like a cobra*

REST

*Create the perfect skin...
opens up,
and stretches in...*

*The one that returns...
across the field
she embraces you and
protects with her wings*

*Like a hand that opens...
Fingers move and
invite you to sit*

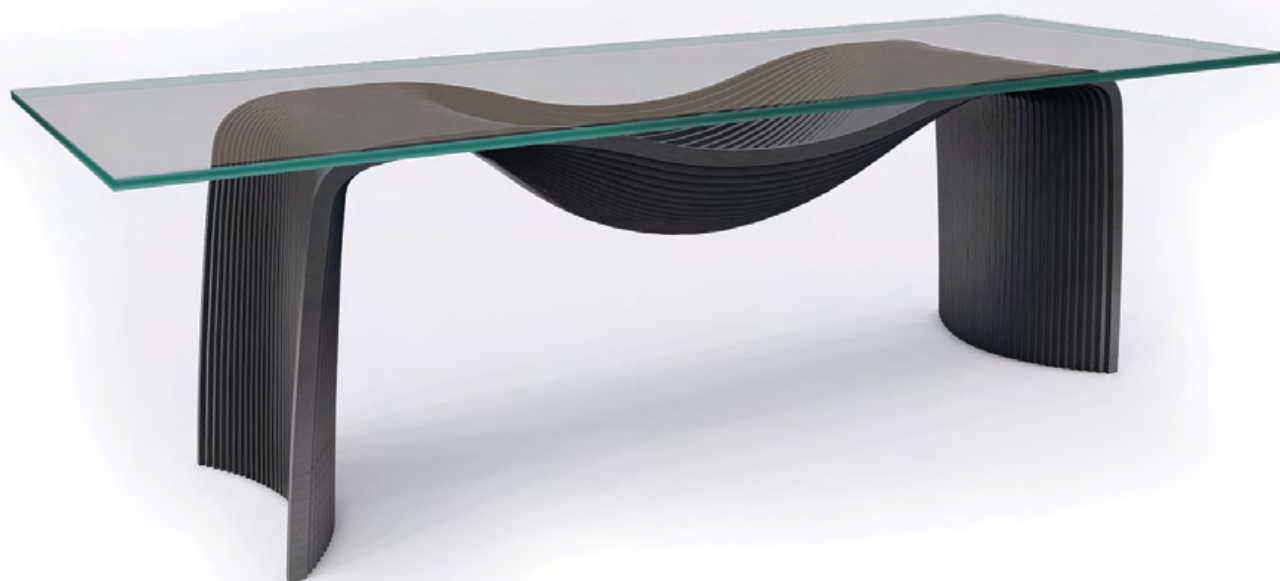

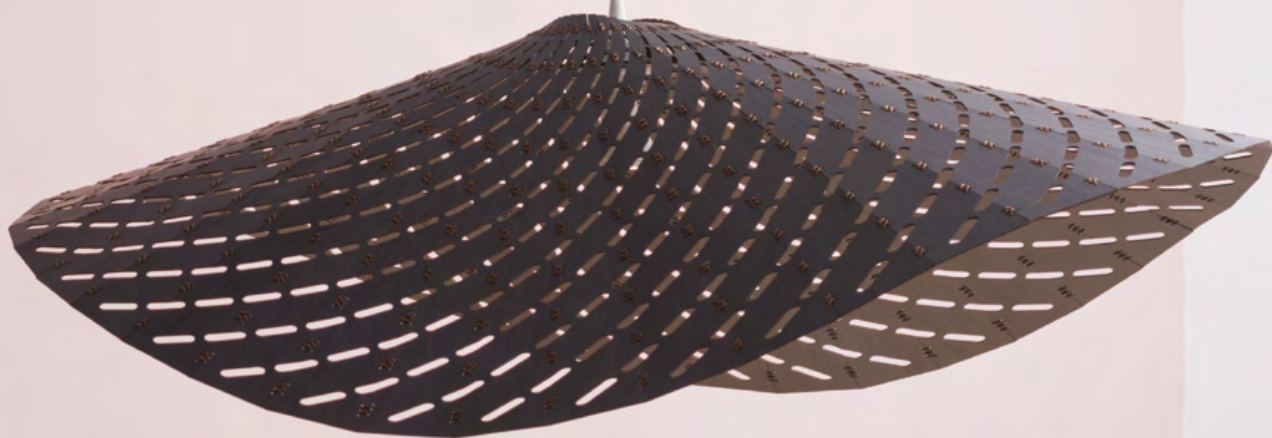

*Best if shared with
friends and family*
